

Three Rivers Charter School
Transfer Policy
Board Position
2004

TRCS welcomes the whole child into our school. We believe that the multiple resources we can employ: background of our TRCS educators, emphasis on community outreach, use of volunteer skills and use of off-site resources and facilities can provide a complete and balanced education.

As a result, TRCS does not endorse or favor individual learning plans that provide for individual students to access other academic offerings within the West Linn - Wilsonville School District. Students with those needs may be better served by enrollment within the West Linn-Wilsonville District Schools. Such a choice would also allow space for another learner to come to TRCS and access all that we provide.
