

2002-2003 - 5th Grade Benchmark Testing for State of Oregon

State Benchmark Scores—Reading

	% Does Not Meet Standards			% Meets Standards			% Exceeding Standards		
	TRCS	District	State	TRCS	District	State	TRCS	District	State
2002	4	11	21	48	49	53	48	39	26
2003	0	9	24	24	42	51	76	49	25

State Benchmark Scores—Math

	% Does Not Meet Standards			% Meets Standards			% Exceeding Standards		
	TRCS	District	State	TRCS	District	State	TRCS	District	State
2002	4	13	25	33	50	53	63	36	22
2003	5	10	24	24	37	51	71	53	25

State Benchmark Scores—Writing

	% Does Not Meet Standards			% Meets Standards		
	TRCS	District	State	TRCS	District	State
2002	0	19.5	30	100	80.5	70
2003	Test not given due to state budget issues.					

State Benchmark Scores—Math Problem Solving

	% Does Not Meet Standards			% Meets Standards		
	TRCS	District	State	TRCS	District	State
2002	0	24	38	100	76	62
2003	Test not given due to state budget issues.					

State Benchmark Scores—Science

	% Does Not Meet Standards			% Meets Standards			% Exceeding Standards		
	TRCS	District	State	TRCS	District	State	TRCS	District	State
2002	7	15	26	41	45	48	52	40	26
2003	Test not given due to state budget issues.								

2002-2003 - 8th Grade Benchmark Testing for State of Oregon*

*Because we walked our students up to eighth grade, 2002-2003 was the first year that we had eighth grade student testing

State Benchmark Scores—Reading

	% Does Not Meet Standards			% Meets Standards			% Exceeding Standards		
	TRCS	District	State	TRCS	District	State	TRCS	District	State
2003	13	22	39	60	33	31	27	45	29

State Benchmark Scores—Math

	% Does Not Meet Standards			% Meets Standards			% Exceeding Standards		
	TRCS	District	State	TRCS	District	State	TRCS	District	State
2003	14	22	41	29	23	26	57	55	33

State Benchmark Scores—Science

	% Does Not Meet Standards			% Meets Standards			% Exceeding Standards		
	TRCS	District	State	TRCS	District	State	TRCS	District	State
2003	Test not given due to state budget issues.								

2002-03 Off Level Testing for 4th, 6th & 7th Grades**READING**

Grade	# TRCS Students	State Rit	TRCS Rit	TRCS Percentile	District Rit	District Percentile
4	16	211	223	78%	N/A*	N/A*
6	21	222	233	75%	N/A*	N/A*
7	13	226	232	68%	N/A*	N/A*

MATH

Grade	# TRCS Students	State Rit	TRCS Rit	TRCS Percentile	District Rit	District Percentile
4	16	209	217	73%	N/A*	N/A*
6	21	219	231	72%	N/A*	N/A*
7	13	225	232	64%	N/A*	N/A*

Concise Summary of Student Achievement on Standardized Testing

Within the grades that TRCS encompasses, Oregon currently undergoes benchmark testing at grades 5 and 8. These tests are unique to Oregon and cannot be directly correlated to the computerized off-levels testing that we contract with Northwest Evaluation Association. We are currently unable to calculate "value added scores" for these off level tests, as they did not effectively become implemented until winter term of last year. In addition, we have not been open long enough to have 5th graders be tested again at 8th grade on the state benchmark assessment. For these reasons, we could not provide the increase in RIT scores per individual student that you mention you prefer. This data for off level students will become available this year as we complete an annual cycle, and should you desire, we would happily send it to you at the end of the year. We also believe in tracking students individually and currently have the goal of raising each student's RIT scores by 10 points per year. As the attached scores indicate, our students do quite well on standardized tests. We have exceeded both the district and the state in every tested subject every year since we have opened.
